From there to here,
from here to there,
funny things
are everywhere.

One fish

two fish

red fish

blue fish.

Black fish

blue fish

old fish

new fish.

This one has
a little star.

This one has a little car.
Say! what a lot
of fish there are.

A blue fish with a yellow dorsal fin is shown from the side, looking upwards with a sad expression. Its eyes are wide and downturned, and a single tear is visible on its cheek. The background shows blue water ripples.

Yes. Some are red. And some are blue.
Some are old. And some are new.

Some are sad.

A yellow fish with a red dorsal fin is shown from the side, looking upwards with a happy expression. Its eyes are wide and smiling, and its mouth is slightly open. The background shows blue water ripples.

And some are glad.

And some are very, very bad.

Why are they
sad and glad and bad?
I do not know.
Go ask your dad.
