**“Effective speaking . . . is the revealing expression of a human personality.”**

“This revision of the textbook that Dale Carnegie wrote for his courses has been based upon my husband’s own notes and ideas. The title is one which he himself chose. . . .

“Business, social, and personal satisfactions depend heavily upon a person’s ability to communicate clearly to his fellow men what he is, what he desires, and what he believes in. And now, as never before, in an atmosphere of international tensions, fears, and insecurities, we need the channels of communication between peoples kept open.

“It is my hope that *The Quick and Easy Way to Effective Speaking* will be helpful in all these ways, both to those who wish merely to function with greater ease and self-confidence in practical pursuits, and to those who wish to express themselves more completely as individuals seeking a deeper personal fulfillment.”

—Dorothy Carnegie
